Press Release
Date: 22nd June, 2020
Time of Issue: 1645 hrs IST

Subject: Intense southwest monsoon rainfall spell over northeast & adjoining east India during 22nd to 26th June 2020

Current Meteorological Conditions

- A trough runs from north Punjab to northwest Bay of Bengal at lower tropospheric levels. Its eastern end is very likely to shift northward from 24th June, 2020.
- Convergence of strong moist southerlies/southwesterlies winds from the Bay of Bengal over northeast & adjoining east India is very likely during next 5 days.
- With the above favourable scenario, the enhanced rainfall activity is likely over the northeastern states from 24th June onwards.

Forecast & Warnings

- Light to moderate widespread rainfall is very likely over Bihar, Sub-Himalayan West Bengal & Sikkim, Arunachal Pradesh, Assam, Meghalaya, Nagaland, Manipur, Mizoram & Tripura during next 5 days.
- Isolated heavy to very heavy falls very likely over Bihar during 24th to 26th June, Arunachal Pradesh and Nagaland, Manipur, Mizoram & Tripura during 22nd to 26th June 2020. Isolated heavy to very heavy rainfall with **extremely heavy falls** also likely over Sub-Himalayan West Bengal, Assam & Meghalaya during 22nd to 26th June 2020.

- Detailed forecast & warnings for next 5 days are as follow:

Sub-Divisions	22 June 2020*	23 June 2020*	24 June 2020*	25 June 2020*	26 June 2020*
Sub-Himalayan West Bengal & Sikkim	Rainfall at most places with isolated heavy rainfall.	Rainfall at most places with isolated heavy rainfall.	Rainfall at most places with isolated heavy to very heavy rainfall.	Rainfall at most places with isolated heavy to very heavy with extremely heavy rainfall.	Rainfall at most places with isolated heavy to very heavy rainfall.
Arunachal Pradesh	Rainfall at most places with isolated heavy rainfall.	Rainfall at most places with isolated heavy rainfall.	Rainfall at most places with isolated heavy to very heavy rainfall.	Rainfall at most places with isolated heavy to very heavy rainfall.	Rainfall at most places with isolated heavy to very heavy rainfall.
Assam & Meghalaya	Rainfall at most places with isolated heavy rainfall.	Rainfall at most places with isolated heavy rainfall.	Rainfall at most places with isolated heavy to very heavy rainfall.	places with isolated heavy to very heavy with extremely heavy rainfall.	places with isolated heavy to very heavy with extremely heavy rainfall.

Nagaland, Manipur, Mizoram & Tripura	Rainfall at most places with isolated heavy rainfall.	Rainfall at most places with isolated heavy rainfall.	Rainfall at most places with isolated heavy to very heavy rainfall	Rainfall at most places with isolated heavy to very heavy rainfall	Rainfall at most places with isolated heavy to very heavy rainfall
Bihar	Rainfall at many places	Rainfall at many places	Rainfall at most places with isolated heavy to very heavy rainfall	Rainfall at most places with isolated heavy to very heavy rainfall	Rainfall at most places with isolated heavy to very heavy rainfall

Note: * Rainfall till 0830 IST of next day.

Legends: **Green: No warning**, **Yellow: Be updated**, **Orange- Be prepared**; **Red- Take action**,
