India Meteorological Department  
Ministry of Earth Sciences**

**Press Release**

**Dated: 06<sup>th</sup> September, 2023**

**Time: 2130 hrs IST**

**Subject: Weather Forecast for G-20**

In view of ensuing G-20 Summit at New Delhi during 8-10 Sept 2023, IMD is monitoring the weather round the clock. It will issue current weather & forecast information for different locations of Delhi since 7th Sept, 2023 morning. The weather information will be available through a dedicated webpage (<https://mausam.imd.gov.in/g20/>) in IMD website.

All are requested to visit this link from time to time, during 07th-10th September, 2023.

In addition to existing automatic weather system (AWS) network of IMD, an additional AWS has been installed near the venue of G-20 summit to provide real time live weather data (Air Temperature, Humidity, Wind Speed & Direction and Rainfall) at every 15 minutes interval along with daily maximum and minimum temperatures. Similar live weather information will be available for other 9 important locations of Delhi, covering major tourist and historical places, such as IGI Airport, New Delhi Railway station, Chandini Chowk, Akshardham Temple, Bahai/Lotus Temple, Qutab Minar, Redfort/Rajghat, Delhi University and Lodhi Road (Lodhi Garden). The three hourly nowcast valid for next 03 hours and forecast for the period of each of these locations will be provided.

For any weather information, IMD can also be contacted through email [imd.weather@imd.gov.in](mailto:imd.weather@imd.gov.in) and [imd.mausam@gmail.com](mailto:imd.mausam@gmail.com), at phone number [01124344599](tel:01124344599) and through twitter (<https://twitter.com/Indiametdept>) & Facebook (<https://www.facebook.com/India.Meteorological.Department>).
