PRESS RELEASE-2

Time of issue: 1400 hours IST

Dated: 4th August, 2024

Sub: (A) Deep Depression over northeast Madhya Pradesh and adjoining South Uttar Pradesh and (B) Low Pressure Area over Southwest Rajasthan & adjoining south Pakistan

(A) Deep Depression over northeast Madhya Pradesh and adjoining South Uttar Pradesh

Yesterday's deep depression over southwest Bihar and adjoining northwest Jharkhand moved nearly west-northwestwards and lay centered at 0830 hours IST of today, the 4th August over northeast Madhya Pradesh and adjoining South Uttar Pradesh near latitude 25.0°N and longitude 80.7°E, about 60 km south-southeast of Banda (Uttar Pradesh), 120 km west-southwest of Khajuraho (Madhya Pradesh) and 220 km east-southeast of Jhansi (Uttar Pradesh).

It is likely to continue to move west-northwestwards across north Madhya Pradesh and adjoining South Uttar Pradesh and weaken gradually into a depression during next 12 hours.

(B) Low Pressure Area over Southwest Rajasthan & adjoining South Pakistan

The low pressure area over West Rajasthan and adjoining Pakistan moved nearly westwards and lay over **Southwest Rajasthan & adjoining South Pakistan** at 0830 hours IST of today, the 4th August, 2024. It is likely to continue to move nearly westwards during next 12 hours.

Warnings (Graphics Attached):

(i) Rainfall Warning:

East Madhya Pradesh:

Light to moderate rainfall at most places with **heavy to very heavy rainfall at a few places during 4th-6th August.**

West Madhya Pradesh:

Light to moderate rainfall at most places with **heavy to very heavy rainfall at a few places during 4th-6th August with extremely heavy rainfall** at isolated places is very likely on 4th August.

Contact: Cyclone Warning Division, Office of the Director General of Meteorology, India Meteorological Department, Ministry of Earth Sciences.

E-mail: cyclonewarningdivision@gmail.com, Website: rsmcnewdelhi.imd.gov.in

Spatial rainfall distribution: Isolated: <25%, A few: 26-50%, Many: 51-75%, Most: 76-100%

Rainfall amount (mm): Heavy rain: 64.5 – 115.5, Very heavy rain: 115.6 – 204.4, Extremely heavy rain: 204.5 or more.

East Uttar Pradesh:

Light to moderate rainfall at most places is very likely with **heavy to very heavy rainfall** at isolated places over East Uttar Pradesh on 4th August and isolated heavy rainfall is likely during 5th-6th August.

West Uttar Pradesh:

Light to moderate rainfall at many places is very likely with **heavy rainfall** at isolated places over West Uttar Pradesh during 4th-5th August and very heavy rainfall at isolated places over Southwest Uttar Pradesh on 4th August.

East Rajasthan:

Light to moderate rainfall at most places with **heavy to very heavy & extremely heavy rainfall** at isolated places on 4th August. Light to moderate rainfall at most places with isolated heavy rainfall is very likely at isolated places on 5th August.

West Rajasthan:

Light to moderate rainfall at most places with **heavy to very heavy rainfall** at isolated places very likely during 4th - 6th August.

Gujarat region:

Light to moderate rainfall at most places is very likely with heavy to very heavy rainfall at isolated places on 4th and 5th August and heavy rainfall at isolated places on 6th August.

Saurashtra & Kutch:

Light to moderate rainfall at most places is very likely with heavy rainfall at isolated places on 4th and 5th August.

Madhya Maharashtra:

Light to moderate rainfall at most places is very likely with **heavy rainfall** at a few places during 4th to 6th August, **very heavy rainfall** at isolated places on 5th August and **extremely heavy rainfall** at isolated places on 4th August.

Konkan & Goa:

Light to moderate rainfall at most places with **heavy rainfall** at a few places is very likely during 4th to 6th August and **extremely heavy rainfall** at isolated places on 4th August.

Vidarbha:

Light to moderate rainfall at most places is very likely with **heavy rainfall** at isolated places on 4th August.

(ii) Flash Flood Guidance (Graphics Attached):

Low to Moderate flash flood risk is likely over few watersheds & neighbourhoods of western parts of East Madhya Pradesh, West Madhya Pradesh, Vidarbha, Marathwada, North Madhya Maharashtra, South Gujarat Region and North Konkan & Goa Met Sub-divisions during next 24 hours. Surface runoff/ Inundation may occur at some fully saturated soils & low-lying areas over Area of Concern (AoC) as shown in map due to expected rainfall occurrence in next 24 hours.

(iii) Wind warning (Graphics Attached):

- Strong wind speed reaching 40-50 kmph gusting to 60 kmph is very likely over north Madhya Pradesh and adjoining south Uttar Pradesh during next 12 hours and gradually decrease thereafter.
- Strong wind speed reaching 35-45 kmph gusting to 55 kmph is very likely over West Madhya Pradesh and adjoining East Rajasthan & West Uttar Pradesh on 5th August.

(iii) Impact Expected

- Localized Flooding of roads, water logging in low lying areas and closure of underpasses mainly in urban areas of the above region.
- Occasional reduction in visibility due to heavy rainfall.
- Disruption of traffic in major cities due to water logging in roads leading to increased travel time.
- Surface runoff/ inundation may occur at some fully saturated soils & low-lying areas
- Minor damage to kutcha roads.
- Possibilities of damage to vulnerable structure.
- Localized Landslides/Mudslides/landslips/mud slips/land sinks/mud sinks.
- Damage to horticulture and standing crops in some areas due to inundation.
- It may lead to riverine flooding in some river catchments (for riverine flooding please visit Web page of CWC)

(iv) Action Suggested

- Check for traffic congestion on your route before leaving for your destination.
- Follow any traffic advisories that are issued in this regard.
- Avoid going to areas that face the water logging problems often.
- Avoid staying in vulnerable structure.

(v) Agromet advisories for Heavy Rainfall likely over various parts of the country

- Make provision for draining out excess water from crop fields to avoid water stagnation in West Bengal, Sub Himalayan West Bengal, Odisha, Jharkhand, Bihar, Rajasthan, Madhya Pradesh, Chhattisgarh.
- Provide mechanical support to horticultural crops and staking to vegetables.

Next press release will be issued at 1430 hrs IST of tomorrow 5th August, 2024.
