CIRCULAR

Subject: Call for Nominations for the "Professor Dr Vilho Väisälä Awards" (2026)

Nominations are invited from eligible IMD officials for the following two international awards to be conferred in 2026:

1. Professor Dr Vilho Väisälä Award for an Outstanding Research Paper on Instruments and Methods of Observation (2026).
2. Professor Dr Vilho Väisälä Award for the Development and Implementation of Instruments and Methods of Observation in Developing Countries (2026).

WMO correspondence is attached herewith and may kindly be referred to for detailed information. Interested and eligible IMD officials may submit their nominations for the aforementioned awards, along with a copy of their CV and the corresponding papers/reports for each award (as specified in the attached correspondence), to the Organisation Division latest by 31 December 2025, for consideration by the competent authority.

Annex: 1

Subject: Call for nominations for the "Professor Dr Vilho Väisälä Awards" (2026)

Action required: Nominations to be sent to the Secretary-General by **31 January 2026**

Dear Sir/Madam,

The Executive Council, at its thirty-seventh session ([EC-XXXVII](#)), established the "Professor Dr Vilho Väisälä Award" for an Outstanding Research Paper on Instruments and Methods of Observation, and, at its fifty-sixth session ([EC-LVI](#)), established the "Professor Dr Vilho Väisälä Award" for the Development and Implementation of Instruments and Methods of Observation in Developing Countries. Both awards are granted on a biennial basis in connection with the *WMO Technical Conference on Instruments and Methods of Observation* that is being held in conjunction with an instrument exhibition, with a cash prize of 10 000 US dollars for each award.

The next selection of winner(s) will be undertaken at the eightieth session of the Executive Council (EC-80) in 2026, according to the guidelines which specify, in particular, the criteria for granting the awards and the methods of nomination submission. The guidelines are found in the [annex](#) for ease of reference.

The Executive Council, at its seventy-ninth session (EC-79), decided to also allow, as a trial for the 2026 Professor Dr Vilho Väisälä Awards, submissions originating from Chairs of INFCOM subsidiary bodies (Standing Committees, Advisory Groups, Expert Teams and Task Teams), provided they are not authors/co-authors of the submitted papers, towards obtaining more submissions from a wider range of Members.

In this regard, I am pleased to invite you to submit separate nominations for:

- (a) The thirtieth "Professor Dr Vilho Väisälä Award for an Outstanding Research Paper on Instruments and Methods of Observation" (2026);
- (b) The eleventh "Professor Dr Vilho Väisälä Award for the Development and Implementation of the Instruments and Methods of Observation in Developing countries" (2026).

Nominations are to be made at your earliest convenience, but not later than **31 January 2026**.

Yours faithfully,

Ms Ko Barrett
for the Secretary-General

To: Permanent Representatives of Members with WMO and Chairs of INFCOM subsidiary bodies
(Standing Committees, Advisory Groups, Expert Teams and Task Teams)

ANNEX TO DECISION 14 (EC-72)

Guidelines for Granting the Professor Dr Vilho Väisälä Awards

1. The Professor Dr Vilho Väisälä Award for an Outstanding Research Paper on Instruments and Methods of Observation

Purpose

The purpose of the Professor Dr Vilho Väisälä Award for an Outstanding Research Paper on Instruments and Methods of Observation is to encourage and stimulate interest in research in the field of instruments and methods of observation in support of WMO Programmes.

Criteria for granting the award

The award shall recognize an outstanding paper published in a scientific journal, or a summary of a successfully defended Ph.D. thesis for:

- (a) The significance of its topic;
- (b) The novelty of its ideas and methods;
- (c) The value of its results to WMO Programmes.

2. The Professor Dr Vilho Väisälä Award for the Development and Implementation of Instruments and Methods of Observation in Developing Countries

Purpose

The purpose of the Professor Dr Vilho Väisälä Award for the Development and Implementation of Instruments and Methods of Observation in Developing Countries is to encourage and stimulate capacity development in instruments and methods of observation for the WMO Integrated Global Observing System (WIGOS) in developing countries.

Criteria for granting the award

The award shall be granted for an outstanding paper published in a scientific journal, or a significant technical report, a project report or a summary of a successfully defended Ph.D. or MSc. thesis for:

- (a) The significance of its contribution to the long-term stability and reliability of meteorological and related environmental observations in developing countries;
- (b) The relevance to the observing systems in developing countries;
- (c) The value of its results to, and their impact on, WMO Programmes and key priority areas.

3. Submission of nominations for the awards

- (a) The Permanent Representatives of Members of WMO will be invited to submit to the Secretary-General not more than two nominations and the corresponding papers/reports for each award that were published during the 24-month period preceding the year in which the award is granted and that have not previously won an international prize, indicating the title of the award for which each submission is being made;
- (b) Papers/reports for each submission shall be provided in electronic format and in a WMO working language (original or translation). Submitters are strongly encouraged to provide these papers/reports in English. If that is not possible, they shall submit an extended *précis* in English to facilitate assessment of their merit.

4. Selection of candidatures

- (a) The Chair of the Standing Committee on Measurements, Instrumentation and Traceability (SC-MINT) of the Commission for Observation, Infrastructure and Information Systems (INFCOM), in consultation with the president of INFCOM, invites three distinguished scientists in the field of instruments and methods of observation, who would serve as assessors for both awards;
- (b) For each award, each assessor should allot a mark to each paper, which should be in the range of 0 (lowest) to 5 (highest) and submit the evaluation to the Secretary-General. The evaluation should be based on the criteria defined above with equal weight being assigned to each of the three criteria mentioned under 1 and 2 above;
- (c) The final selection of the winner, or winners, for each award, is made by the Selection Committee established for this purpose by the Executive Council for a period of four years. The Committee consists of three members and, *ex officio*, the president of INFCOM;
- (d) The Executive Council Selection Committee may decide not to recommend an award if the papers/reports submitted are not of a sufficiently high standard.

5. Nature of the awards

Each award consists of a diploma, a medal and a sum of US\$ 10 000; the latter could be shared between co-authors. The award is granted on a biennial basis.

6. Award ceremony

The award ceremony shall normally take place during the conjoint WMO Technical Conference on Meteorological and Environmental Instruments and Methods of Observation and the exhibition of meteorological and environmental instruments, related equipment and services.
